Green is for strength and vigor. The students of Zoynul House are always inspired by this spirit and march ahead. They try to overcome every obstacle in their way to progress. Their ambition reaches to the shining glory of their goals. They are very sincere and strong in their determination. In the academic field they are showing outstanding performance. In 2015 Zoynul House became champion in academic result. The motto of our House is "Truth is beauty". We respect and obey the command in our prize. In games and sports we have also kept our flag fluttering. In inter House handball (Girls) and Basketball we captured the winning trophy and in volleyball, runner-up trophy was on our side. We could not do well in the Inter House Debate competition; We won the Runner-up Trophy in English Debate. We are confident that this year will also be a shining year for us. For this we are praying to the Almighty Allah to give us energy and help us to achieve the highest goal.
