The path of Victory never remains smooth. As the darkness of the night vanishes, the rays of the sun scatters over the earth. We tread the road of victory cherishing the worlds of Nazrul "Ever high is my head". Our destination is not only to be victorious but also to be ideal and complete citizens of the country. By encountering the ups and downs of life, we move forward to achieve the best.

This year, Nazrul House has started it's victorious march winning the Championship in the Handball Then we have the runner-up trophy in inter House Basketball games. In inter House Annual Sports our team has shown their best by winning Championship trophy.

Culturally our members are not lagging behind. We got several prizes in the Inter House Cultural competition. In the Inter-House Debate and Quiz Competition. our teams showed their sparkling performance and occupied second position.

We do not believe in rusty life. Like the sun rays, we pierce the darkness to bring victory and give RED. It's perfect respect.
